**THE KEMP SPREADER.**

A detailed black and white illustration of a horse-drawn carriage. A dark horse is harnessed to a four-wheeled carriage. A driver is seated in the front of the carriage, holding the reins. The carriage has large spoked wheels and a simple frame. The scene is set on a flat surface with some light shading underneath the horse and carriage.

**A KEMP SPREADER.** It will save money for you. If you are short of help, it will save you extra money. It will save you extra money. It will save you extra money. Your manure pile got a great way further, with better crops. It benefits the poorer we as the rich farmer. The KEMP SPREADER will save more in money, time, labor and crops than four times the amount invested in a year.

W. E. Hoopes—Hempden, Me.

 I have used your AMERICA'S PHOSPHATE on my Corn and am safe in saying I raised the largest crop ever yielded in Connecticut. The yield was 135 bushels and 21 quarts shelled corn to the acre.

T. N. WARREN, Groves Farm, Ct.  
 The above field of Corn was sown by H. C. T. Gold, Secretary Board of Agriculture of Conn., Prof. W. H. Brewer of Yale College, and both pronounced it the best field of Corn they ever saw.

**For TWENTY-ONE YEARS** this Company's Fertiliser, **SOLUBLE PACIFIC GUANO**, has been increasing its trade (from sales of 750 tons the first year to 40,000 tons now per annum), and this by reason of its wonderful action on the Soil, it being made for "active service in the field, not for dress in the chemist's laboratory."

Its Record is its strongest testimony, and no farmer should hesitate to try a fertilizer which for so many years has been in the front ranks, and where its application on lands for grain, cottons, tobacco, root or other crops, has produced results unsurpassed by any. Pamphlets, with directions, etc., forwarded free, on application to local agents, or to
